STATEMENT OF FACTS BY MICHAEL W. HEARTLEIN  
AND JEFFREY F. LEMONTT

The Assistant Commissioner for  
Patents  
Washington, D.C. 20231

Sir:

Michael W. Heartlein and Jeffrey F. Lemontt, of 167 Reed Farm Road, Boxborough, Massachusetts 01719 and 165 Fairway Drive, West Newton, Massachusetts 02165, respectively, declare and state that:

1. We are joint inventors of a patent application filed on behalf of Transkaryotic Therapies, Inc. and claiming chimeric proteins which comprise a functional domain and a carrier domain, nucleic acids encoding such chimeric proteins and uses therefor. We have been informed that this patent application was granted a

filing date of June 6, 1995 and given Serial No. 08/470,058 by the United States Patent and Trademark Office.

2. We have been given a complete copy of U.S. Patent Application Serial No. 08/470,058 as it was originally filed on June 6, 1995, and we have studied this material prior to making this Statement of Facts document.

3. We understand that the patent laws of the United States require that each designated inventor must have made a material contribution to the conception of the invention claimed in the U.S. patent application.

4. Michael F. Concino did materially contribute to the conception of the invention claimed in Serial No. 08/470,058 as filed. Therefore, it is our belief that he is a joint inventor of the invention claimed in U.S. Patent Application Serial No. 08/470,058.

5. At the time the application was filed, Michael F. Concino was not designated a co-inventor when, in fact, he was a co-inventor and should be so designated.

6. At the time the above-referenced application was filed, we did not understand the law of inventorship and the concept of "material contribution" and as a result, Michael F. Concino was not named as an inventor on this document.

7. The possibility of an unintentional error in inventorship was brought to the attention of Patricia Granahan (Reg. No. 32,227), the Attorney at Hamilton, Brook, Smith & Reynolds, P.C. (HBSR) for Transkaryotic Therapies, Inc. by Linda M. Chinn, Esq., Manager of Intellectual Property, Transkaryotic Therapies, Inc.

8. Our decision not to include Michael F. Concino as an inventor in the above-identified patent application was without any deceptive intention.

We further declare that all statements made herein of our knowledge are true and that all statements made on information and belief are believed to be true; and further, that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under §1001 of Title 18 of the United States code, and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
